

## RECOMMENDATION LETTER

14<sup>th</sup> October, 2022

To whom it may concern

Dear Ms. Aashima,

It is a pleasure for me to write this letter of recommendation for Aashima to support her in her future endeavors in data science/statistics. I have directly supervised Ashima during her three months of internship at Jobizo. Since the first day, Aashima has impressed me with her ability to articulate different ideas and her data-oriented approach. In my time working with Aashima, despite the pandemic norms, I have witnessed her hard work and dedication to the organization.

Aashima was responsible for assisting in completion of the android version of the Jobizo's Application- *India's first advanced HR tech platform for healthcare workforce*, which has helped thousands of healthcare professionals get jobs that otherwise wouldn't have existed. Her market survey and ideation of the project "**healthcare for all**" directly or indirectly saved and continues to save many lives. Aashima's interest and ability to learn new tasks have allowed her to be very knowledgeable in many areas of business processes that exist within an organization. Aashima has volunteered for new assignments and demonstrated an ability to learn quickly and accurately. She has always been willing to do what it takes to get the job done and truly live up to the company's ideals.

I believe Aashima will benefit immensely from her **study pursuits in data science and statistics**, since **numbers are her strongest gameplay**. She is well-equipped to handle and navigate challenges that might be thrown at her during the tenure of her studies. I equally feel she will be an asset to her future study groups and her teams in college as well as her professional life. In our journey together, Aashima proved to be an outstanding professional and an encouraging team player. She has my confidence that she will thrive in whichever area of business she chooses to pursue. I believe she will be a great candidate and successful in your program.

Please feel free to contact me with any questions regarding Aashima's application.
